

Introduction to Contemporary Art

Programme: SAM in the Classroom

Programme Description:

This 30-minute educational programme will introduce students to contemporary art through an engaging presentation with interactive segments and opportunities to win prizes. The programme references selected artworks from various SAM (Singapore Art Museum) exhibitions. The programme will be facilitated by a museum educator, who offers insight into contemporary art practices.

Objectives and Outcomes:

The programme objectives are:

1. To develop students' understanding of contemporary art practices.
2. To develop interpretation skills (through observation and inquiry-based learning).
3. To enhance visual literacy.

The programme outcomes are:

1. Students will gain an in-sight knowledge to artworks from various SAM exhibitions.
2. Students will gain an understanding of the different types of medium used to make artwork, as well as symbolism in Art.
3. Students' visual literacy will be enhanced.
