## **ABOUT THE SINGAPORE ART MUSEUM**

Singapore Art Museum is a contemporary art museum which focuses on art-making and art thinking in Singapore, Southeast Asia and Asia, encompassing a worldwide perspective on contemporary art practice. SAM advocates and makes accessible interdisciplinary contemporary art through research-led and evolving curatorial practice.

Since it opened in January 1996, SAM has built up one of the most important collections of contemporary art from the region. It seeks to seed and nourish a stimulating and creative space in Singapore through exhibitions and public programmes, and to deepen every visitor's experience. These include outreach and education, research and publications, as well as cross-disciplinary residencies and exchanges.

SAM was the venue organiser of the Singapore Biennale in 2011, becoming the main organiser in 2013 and 2016. SAM will continue to organise the next two editions in 2019 and 2022. SAM was incorporated as a Company Limited by Guarantee on 13 November 2013, operating under the Ministry of Culture, Community and Youth. #### **IMAGINARIUM: INTO THE SPACE OF TIME**

Till 26 August 2018

*Imaginarium: Into the Space of Time*, the eighth edition of the museum's annual family-friendly exhibition, explores the concept of time through immersive and interactive artworks by artists from the region and around the world.

Mysterious yet imbued in every living being, time has fascinated humankind for ages. From charting the movements of planets to cataloguing our days, new tools of measure are constantly being created to frame or direct our lives.

Join us as we discover what the fourth dimension means to different people and cultures. Explore the myths and theories that shape our memories and futures, and ponder relationships between time and space.

#### **INSTALLATION IN PROGRESS: EXHIBITION MAKING AND THE SINGAPORE ART MUSEUM**

Till 26 August 2018

*Installation in Progress* charts Singapore Art Museum's (SAM) exhibition history, presents a new artwork commission from Singaporean artist Michael Lee, and an interactive component that lets visitors try out their own exhibition plans. In doing so, the presentation surveys the spectrum of SAM's past exhibitions, the current day and speculates on future possibilities.

Through presentations and re-presentations of a museum's collection, artwork commissions, adaptations and loans, each exhibition also brings together a kaleidoscope of artistic lenses through which the world can be viewed anew.

Every exhibition is also ultimately brought to life by a multitude of individuals; many work behind the scenes but each leaves a trace on what is finally seen. By reflecting on the multiple dimensions of what goes into creating an exhibition, *Installation in Progress* seeks to uncover the spirit of creating an exhibition.

**ASIA PACIFIC BREWERIES FOUNDATION SIGNATURE ART PRIZE 2018**

Till 02 September 2018

National Museum of Singapore, venue supporter for the Prize

Inaugurated in 2008 by the Asia Pacific Breweries (APB) Foundation and the Singapore Art Museum, the triennial APB Foundation Signature Art Prize returns for its fourth edition in 2018. Recognising outstanding examples of contemporary art from both emerging and established artists over the previous three years, the prize puts the spotlight on the most compelling, cogent and complex works of art from the Asia-Pacific rim to the region of Central Asia. 15 finalist artworks are on view at the National Museum of Singapore, venue supporter for the Prize, and present a tapestry of personal and historical narratives, as told through contemporary art.
