CORRIGENDUM NO. 2

1 Please note the below clarifications in the tender documents:

Item	Tender Query	Reply
1	<p>Refer to Evaluation Criteria on page EC/8 – item 1g: Tenderer is required to submit proof of BIM submission to BCA.</p> <p>It is a norm for contractors to submit the BIM-related documents to Consultants for their submission to BCA.</p> <p>While we are in the midst of approaching the Consultants to provide the proof, due to time constraint and the contents may be sensitive for Consultants to provide it to us, we may not be able to collect the proof in time for this PQ submission.</p> <p>Will our score be affected if there is no proof of BIM submission to BCA?</p>	<p>The closing date for submission Pre-Qualification documents has been extended. Please refer to SAM website for Corrigendum 1.</p> <p>If the content of the BIM submission is sensitive, please submit proof in the form of letter of declaration from the respective Consultants/ Authorities on the use of BIM for project references complying to quality criteria 1(a) and / or 1(b), involving structure, M&E and façade implementation.</p>

Yours faithfully
